**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We need more competition in our broadband providers. Our choices are already limited, and we often get stuck with providers who couldn't care less about helping their customers. We also need to keep prices down, as the Internet is critical for the elderly, school aged children, and businesses in order to keep pace with the growing demands of every day life. Please do not take away our choices and connections with the outside world!
